Supervision Log for LPC Licensure and/or NCC Certification

Supervisee Name: _____

Supervisor Name: _____

Date of Supervision: _____

Duration of Session: _____

Supervision Session Number: _____

Supervision Location: _____

This log is designed to document the progression of the supervisee's clinical and professional development over time. It should be maintained as part of the supervisee's portfolio for licensure and/or certification and should be available for review by relevant licensing boards if required.

Agenda and Topics Covered:

1. Review of Caseload:
 - Discuss current caseload.
 - Review progress and challenges with specific clients.
2. Clinical Interventions:
 - Explore and discuss therapeutic interventions used.
 - Address any ethical or clinical concerns.

3. Professional Development:

- Discuss progress towards professional goals.
- Identify areas for further growth and development.

4. Supervisee Concerns and Questions:

- Allow time for the supervisee to raise concerns or ask questions.
- Provide guidance and feedback as needed

Client Cases Discussed:

1. Client 1:

- Brief description of the client's presenting issues.
- Supervisory discussion and recommendations.

2. Client 2:

- Brief description of the client's presenting issues.
- Supervisory discussion and recommendations.

Feedback and Action Items:

- Positive Aspects:
 - Identify strengths and positive aspects of the supervisee's work.
 - Areas for Improvement:
 - Discuss any areas where improvement is needed.
 - Set goals for future sessions.
 - Action Items:
 - Define specific actions or tasks for the supervisee to complete before the next session.
-
